

## CITIZENS ARE CAUTIONED TO EXERCISE CARE WHEN HANDLING MONEY IN PUBLIC

Many persons in La Crosse are careless in the handling of money in public places and in carrying large sums through the streets without adequate protection.

That La Crosse has not had a big payroll robbery or a holdup of a messenger on the streets is due to good luck, according to Chief of Police J. B. Webber, who today issued a warning to citizens of La Crosse, with precautionary regulations which every citizen is requested to heed. The instructions of the chief follow:

For persons and messengers drawing and making deposits at banks:

- Don't carry money in a conspicuous manner.
- Don't carry money in outside pockets of coat.
- Don't count money on street or in public places.
- Don't stop at any place en route to your place of business after drawing money from the bank, or on your way to make deposits.
- Don't hold unnecessary conversation relative to your business, particularly about drawing money or making deposits at the bank.
- Don't send one man if you can send two to the bank to draw or make deposits.
- Don't send others but trusted and bonded employees to the bank to draw or make deposits.
- Don't enter dark hallways unless accompanied or protected by others. In these cases always have a trusted employee meet messenger at street entrance.
- Don't enter elevators in buildings if you are suspicious of occupants.
- Don't enter crowds on streets, cars or other places.
- DON'T HESITATE TO IMMEDIATELY NOTIFY THE POLICE IF YOU ARE SUSPICIOUS IN ANY WAY.

## HARDING TALKS TO CONGRESS OF RAILROADS

Special Message Asks Authority  
for Finance Corporation to  
Purchase Securities Held  
by Rail Board

CLAIMS ACTION WILL LEAD TO  
ADJUSTMENT OF RAIL PROBLEM

Won't Ask Congress for Ad-  
ditional Funds. Says the  
Executive

WASHINGTON—President Harding, in a special message to congress Tuesday, asked it to extend the authority to the war finance corporation to purchase securities, probably up to \$500,000,000, now in the hands of the railroad administration, so that the proceeds may be used for settlements with the railroads.

This, the president said, would open the way to "early adjustment and relief" of the railroad problem. There was no thought, he said, of asking congress for additional money.

Railway claims, based on the "inefficiency of labor" during the war, the president said, were to be waived for the present to hasten settlement without surrender of any rights in court. Although the railroads owe the government large sums, the president said, the government also owed the railroads large sums on various accounts.

### No Added Expense

"No added expense," said the president, explaining his request, "no added investment is required on the part of the government; there is no added liability, no added tax burden."

"It is merely the grant of authority necessary to enable a most useful and efficient government agency to use its available funds to purchase securities for which congress already has authorized the issue and turn them into chapters of finance ready to flow."

The contract covering operation provided that railroads should be returned to their owners in as good condition as when taken over by the government, and the transportation act, recognizing that betterments and additions belong to capital account, provided that such sums as the railroad companies owed the government for betterments and new equipment during the government operation, might be refunded. There has been at no time any question about the justice of such indebtedness to the government. Indeed it has been in progress to a measurable degree ever since the return of the railroads to their owners. It has been limited, however, to such cases as in which final settlements with the railroad administration have been effected. The process is admittedly too slow to meet the difficult situation which the owners of the railroads, have been facing, and I believe it essential to restore railway activities and essential to the country's good fortune to hasten both funding and settlement.

### U. S. in Debt to Roads

"Quite apart from the large sums owing to the government which we are morally and legally bound to fund, the government admittedly owes the railroad companies large sums on various accounts such as compensation, depreciation and maintenance."

"The way now would seem to be clear to every adjustment and relief, except for the fact that the railway administration, though possession assets, does not command funds necessary to meet what will be its admitted obligations."

"There is no thought to ask congress for additional funds. Perhaps \$500,000,000 which the railroad administration has or will have in the progress of funding, will be ample to meet all requirements if congress only will grant the authority to negotiate these securities and provide the agency for their negotiation."

"With this end in view, I am asked to extend the authority of the war finance corporation so that it may purchase these railway funding securities accounted by the director general of railroads. No added expense, no added liability, no added tax burden. It is merely the grant of authority necessary to enable a most useful and efficient government agency to use its available funds to purchase securities for which congress already has authorized the issue, and turn them into the channels of finance, ready to flow."

Remedy is Simple

"I can readily believe that so simple a remedy will have your prompt sanction. The question of our obligations cannot be raised, the wisdom of affording early relief is not to be doubted and the avoidance of added appropriation or liability will appeal to congress and the public alike."

"Pending proposals for relief and their discussion have already brought to the attention of congress the very promising possibilities of broadening the powers of the war finance corporation for the further relief of agriculture and livestock production. This

# NO IMMUNITY FOR GOVERNOR

## U. S. WILL REJECT FORD'S OFFER FOR MUSCLE SHOALS PLANT SAYS WAR SECRETARY

OBJECTIONS PROLONG  
READING OF CICOTTE  
CONFESSION IN COURT

Judge Adjourns Court for Con-  
ference With Attorneys  
on Both Sides

GRAND JURY PROBE OF NEW  
BALL SCANDAL IS PROPOSED

Plan Full Quiz of 1919 Plot if  
Conviction is Secured

CHICAGO, Ill.—When Walter J. Smith, court stenographer, who took down Eddie Cicotte's grand jury confession, began reading the confession in the baseball trial Tuesday, so many objections were raised by the defense that it was necessary to adjourn court temporarily while the attorneys went into conference with Judge Friend.

Since a confession can be used only against the man making it, Smith was not allowed to mention any name except Cicotte's. The defense maintained that such words as "ball players," "outfielders" and "infielders" also were barred.

Judge Friend ordered the attorneys to reach an agreement in wording of the confessions before presenting them in court but after two hours of argument only two pages of Cicotte's thirty-page statement had been revised.

Indications were that it would take all day to read the three confessions. Meanwhile, preparations are going forward for the proposed investigation by a grand jury of the newest baseball scandal, the alleged \$10,000 bribe given for the testimony presented to the first grand jury, while state's attorneys have also announced a wider investigation of the 1919 scandal and other possible indictments in case convictions are secured in the present cases.

## CLAIM TURK LOSSES ARE 75 PER CENT OF FIGHTING STRENGTH

Nationalists Have Been Forced  
to Moeve Seat of Govern-  
ment to Sivas

LONDON.—The Turkish nationalist government, owing to the successful Greek advances in Asia Minor has been obliged to transfer the seat of its government and the Turkish nationalist assembly to Sivas, according to Constantinople dispatches to the Exchange Telegraph company.

### Turk Losses Heavy

ATHEENS.—An announcement by the Greek official agency late Monday said the Turkish loss in killed, wounded, prisoners and missing amounted to 75 per cent of the entire fighting strength in Asia Minor.

The statement claims the Greeks have driven such a wedge into the Turkish nationalist lines that the capital on the northern branch of the Bagdad railway, have been cut off from those at Koniah, on the main line of railway, 150 miles to the south. The statement says: "The Turks' loss heavily in last Monday's fighting, which resulted in occupation of Beki-Shehr and the retreat of the Turks. The enemy lost more than three-quarters of his forces in guns and men killed and wounded, prisoners and deserters. The greater part of the Turkish divisions lost most of their effectives."

## KNUTSON PROVING APT AT DUTIES ON INDUSTRIAL BOARD

MADISON.—R. G. Knutson left for Rhinelander Tuesday noon to adjust some difficulties in the free employment office maintained by the state at that place. Mr. Knutson will be in Rhinelander the remainder of the week and next week expects to begin the holding of hearings by the industrial commission. He is taking up the work rapidly and is already being assigned to some of the more difficult duties.

## AIRPLANE FARES CUT 50 PER CENT

NEW YORK.—The high cost of flying got a jolt Tuesday when a company operating flying boats between New York and Atlantic City cut fares from \$100 to \$50 for a one way trip and a round trip for \$85. The company said increased popularity of flying, providing more passengers per trip, had made the cuts possible.

NOT ACCEPTABLE IN  
PRESENT FORM SAYS  
WEEKS' STATEMENT

Details of Ford's Tender Made  
Public by War Depart-  
ment Tuesday

OFFERS FIVE MILLION DOLLARS  
FOR WARTIME NITRATE PLANT

Will Study all Offers Before De-  
cision Will be Reached

WASHINGTON.—Henry Ford's proposal to lease and purchase the government's \$100,000,000 dam and war plants at Muscle Shoals, Ala., will not be accepted by the administration on the terms submitted.

Secretary of War Weeks made this disclosure Tuesday in issuing the text of the Ford offer and citing one of the conditions stipulated by Mr. Ford which is deemed contrary to the public interest.

Ford Must Modify Offer

If Mr. Ford is willing to modify his tender to the extent considered necessary to make the bargain a fair one for the taxpayers whose millions built these plants and to safeguard the public interest through future generations the administration will be willing to continue the negotiations.

Mr. Weeks also said he had been advised another corporation is preparing a tender for the properties and that no decision would be reached until all offers submitted could be studied.

Secretary Weeks said the first condition—that the government guarantee 600,000 horse power at the Wilson dam—never would be accepted by the government, because it is uncertain how much power can be developed.

Future May Change All

Special objection is raised to leasing the Muscle Shoals dams and hydro-electric power plant, when completed, for 100 years on any terms based on present conditions, which may be radically revolutionized by unforeseen developments in the availability of mechanical energy in future decades, particularly in view of the statutory limitation to fifty years of the water power guarantee now being made by the federal power commission.

Doubt is expressed by one cabinet member that in the present state of its finance the government would be justified in expending \$28,000,000 or more to complete the dams and build the power plant for Mr. Ford, while the ordinary grantees of federal power rights elsewhere are compelled to construct the works with private capital and without government assistance.

There is also criticism of Mr. Ford's proposal to amortize the cost of the dams and power plant up to a limit of \$45,000,000, whereas the total cost to the government probably will run much higher—\$70,000,000 being the estimate of Representative Graham, Illinois, a leading authority on the Muscle Shoals projects.

### Question a Matter of Expense

Mr. Ford's offer limits to \$35,000 a year the amount he will pay for maintenance, repairs and operation of the two dams, gates and locks, whereas it is said these costs normally are likely to be much greater.

A part of the scheme on which the Ford tender is silent, but which is disclosed by correspondence of the principal Muscle Shoals promoter, is that the government is to expend further large amounts to build dams in the upper Tennessee and its tributaries in order to transform secondary into primary power at the main dams, and, according to one authority, the government must do this to generate the power named by Ford.

Mr. Ford's offer to purchase for \$2,000,000 the nitrate plants, built at a cost of \$80,000,000 is regarded by some officials as not unjustified as a salvage of war investment but by others as ridiculously low for factories fully equipped to manufacture the fertilizer Mr. Ford would produce.

AUTO BELIEVED  
STOLEN FOUND AT  
SECOND AND PEARL

The automobile of H. L. Peterson, Westby, reported to have been stolen while parked in the vicinity of Third and Pearl streets Sunday evening, was found by officers of the police department parked at Second and Pearl streets around the noon hour Monday.

That Peterson had forgotten the exact position where he had parked the car in the afternoon was one theory of the police, while it was also said that the car had been used in the meantime by a companion of the Westby man. The car and all accessories were recovered.

## NORTHCLIFFE FAILS TO FIND PROHIBITION IN NEW YORK CITY

NEW YORK.—Viscount Northcliffe, who is enjoying the lure of the metropolis for a short while before resuming his trip toward the Far East, has joined the list of foreign personages who exhibit a sense of humor in discussing matters pertaining to the eighteenth amendment and its enforcement. Asked what he thought of prohibition, he said:

"Take me to a place where there is prohibition and I'll tell you what I think about it."

Which recalls what a Rumanian prince on a recent visit to New York asked:

"When does prohibition begin?"

## URGE GOVERNMENT TO FURNISH AID TO DISABLED MEN

Strong Resolutions Asking  
Assistance for Former  
Service Men Passed

ACTION TAKEN BY THE  
CHAMBER OF COMMERCE

Charles S. Cone Succeeds H. C.  
Evenson on Board

Strong resolutions were passed urging the government to take immediate and adequate steps to provide for the disabled veterans of the world war, demanding that laws already passed be enforced and additional laws be passed which will furnish necessary aid to the men who suffered on land and sea, at the regular meeting of the board of directors of the Chamber of Commerce, Monday afternoon.

The vacancy caused by the resignation of Dr. Clay Evenson from the Board, due to a desire on his part to give more time to his professional work, was filled by the election of Mr. Charles S. Cone.

### Appointments Made

Presidential appointments were confirmed by the board as follows:

Executive committee—(in addition to the two directors of each Bureau): Civic, McCormick, McCormick, Lees, Manufacturers and Jobbers, Watkins, Robb and Lamb, Merchants, Aroz, Conrad Nelson and Sjolander, Traffic, Sisson, McCarthy and Lennon, Progressive League, Curtis, Figgie and Bout, Agricultural, Bennett, Spreiter and Hartley; Convention and Publicity, Greig, J. B. Coleman, Novak, Professors, Hughes, Woods and McGarity.

House Committee—Fellows, Terly and Ablett.

Finance Committee—G. Van Steenwyk, Burton, Hixon, Wing, Lowry, Killian and Holley.

Membership Committee—W. W. Holcomb, Bartl, H. K. Holley, McIntyre, Cassells. Mr. Holcomb is chairman and each of the others Vice Chairmen in charge of a permanent group of membership boosters.

Committee on General Commercial Welfare—T. H. Brindley, Smith, Schumacher, Burns, Montague, Torrance, Law, Fries, Kroner.

The Hirschheimer Tent and Awning Co. was unanimously elected to membership in the Chamber.

### Want Park Facilities

The matter of procuring comfort facilities for Coneland park was brought to the attention of the Board by the Directors of the Progressive League Bureau. The matter will be immediately taken up with the proper authorities and an effort made to secure this necessary improvement at an early date.

An auditing committee from among the members was provided for by the board and the title of the executive officer was changed to secretary-manager. The matter of completely renovating the kitchen and dining room was referred to the house committee and these adjuncts of the organization service will be put in splendid shape by fall. A committee was also appointed to codify and harmonize the by-laws to which a number of additions have been made since they were originally printed.

## MEMBERS OF BRITISH PARLIAMENT TO STUDY PROHIBITION IN U. S.

NEW YORK.—Two members of the British parliament started Tuesday a first hand invitation to ascertain how prohibition is working out in the United States. The two, Charles H. Stet, member of Kings-windford, Staffordshire and J. E. Davidson, member for Smethwick, Birmingham, said they would report their findings to the labor party, of which they are members.

Both took occasion to deny predictions of American reformers that England will be dry within ten years, asserting there was little dry sentiment. They will spend two weeks in New York and then visit other cities.

## DIVINE RIGHT DOESN'T HOLD RULES COURT

No Arrests are to be Made  
But Governor is Called  
Upon to Appear Be-  
fore the Court

CANNOT CALL OUT TROOPS TO  
PROTECT HIM FROM ARREST

Executive Subject to Arrest and  
Prosecution Declares  
Court Ruling

SPRINGFIELD, Ill.—Judge Smith, in his opinion on the question of the arrest of Governor Small for embezzlement Tuesday held that warrants should be served on the governor, but that the executive should be permitted to make his appearance at his convenience within a reasonable time.

The judge in his opinion ruled:

That there is no such thing in Illinois as divine right of kings and that the king has no counterpart in Illinois.

That it is beyond the scope of the governor's power to call state troops to shield him from arrest.

That Governor Small, despite his position as chief executive of the state, is subject to arrest and prosecution for his acts as state treasurer.

That the statutes of limitations would expire through any prolonged delay in serving warrants upon the governor.

That it is not the duty of the court to withhold warrants for the governor.

That Governor Small should be permitted voluntarily to present himself before the court.

Notification of Governor Small by telephone was the method of procedure decided upon by Sheriff Mester.

"I may no over for an interview with the governor later," Sheriff Mester said.

"No attempt will be made to embarrass Governor Small. The order of the court explains how the matter will be handled."

### The Opinion

In his opinion Judge Smith, addressing defense attorneys, said:

On the twentieth day of July, 1921, the grand jury of Sangamon county returned into this court three indictments against Len Small charging him with criminal offenses.

The statute makes it the duty of the court when an indictment is returned, to fix bail if the offense charged is bailable and makes it the duty of the clerk of the court to immediately issue process of capias directed to the sheriff for service.

Appearing as amici curiae to give the court friendly advice as to its duties and the course it should pursue, you advise that the court on its own motion should issue a restraining order enjoining the clerk of this court from issuing process of capias for the apprehension of the defendant until after the expiration of his term of office and that the court should suspend prosecution during said term.

### Governors Not "Kings"

In support of this advice it is urged that because of the high official position of the accused and the great disaster that would otherwise befall the state and in pursuance of public policy the defendant is immune from arrest and that prosecution should be suspended. To sustain this contention the monarchical maxim "The king can do no wrong" is quoted. "The king can do no wrong" is an ancient doctrine, but in this republic it has never reached the application that an elected official can do no wrong. We have been extremely fortunate in the character and conduct of elected officials, but there has never been an intimation or suspicion that they were not capable of committing crime before, during and after the term of office. Our governors are not born "kings." They are not surrounded by a halo by birth that gives them immunity from the temptations and frailties to which other humans are subject.

No Divine Right Here

It will be seen that the maxim applies wholly and solely to the manner in which official acts of the king are to be considered and construed when applied. The maxim has no application in Illinois and no application to the case at bar. We have in Illinois no such thing as "the Divine right of kings." The "king" has no counterpart in Illinois. It may be his edicts cannot be gainsaid. In Illinois the legislature makes the laws and not the king, but the de-liberate acts or edicts of the legislature in Illinois are often held for naught, and all know that the executive department has no powers beyond those conferred by and consistent with law.

It is argued that the constitution provides for the impeachment of the

## LAST TRIBUTE PAID W. S. BURROUGHS BY LAWYERS OF CITY

Members of Bar Association  
Attend Funeral Services for  
Dean of Legal Fraternity

INTERMENT THIS AFTERNOON  
IN THE OAK GROVE CEMETERY

The Rev. Robert D. Vinter Of-  
ficiates at Burial Service

LAWYERS of La Crosse city and county paid their last tribute to W. S. Burroughs, dean of the La Crosse bar, whose funeral was held at 3 o'clock this afternoon.

The services were held at the E. A. Rohr home, 215 South Seventh street, where Mr. Burroughs lived when in the city. His wife and daughter, Mrs. J. C. McLachlin, lived in Pasadena, Cal., where Mr. Burroughs also spent some time.

The Rev. Robert D. Vinter, pastor of the Episcopal church, officiated at the funeral services at the Rohr residence. Interment was in Oak Grove cemetery. Practically every lawyer in the city attended the funeral and many attorneys from the county and elsewhere in the state also were present. The pall-bearers, all La Crosse lawyers, were Frank Winters, G. H. Gordon, J. E. McCormick, G. W. Bunge, A. C. Wolfe and Otto Bossard.

### RE-OPEN SAW MILL

WASHEURN, Wis.—A crew of about a dozen machinists and millwrights are at work repairing the mill of the Lake Shore Lumber company. The plant will be put in operation about Aug. 18 by the Kenfield Lumber company of this city, who state they have a supply of logs sufficient to assure the operation of the mill until late in the fall. The company is now operating its re-saw mill at the box factory, and with the additional crew of about twenty men required to run the saw mill will have over 100 men in its employ August 1.

### WEATHER RECORD

TODAY'S TEMPERATURES  
For La Crosse and vicinity: Showers tonight and Wednesday. Cooler Wednesday.

For Wisconsin—Unsettled weather with showers Wednesday and in west and north portions tonight. Cooler in west portion Wednesday.

For Minnesota—Unsettled weather with showers tonight and in east portion Wednesday. Cooler in west portion tonight and south portion Wednesday.

For Iowa—Unsettled weather with thunder showers in north and west portions Wednesday and in east and central portions Wednesday. Cooler in west and central portions Wednesday.

## RAILWAY WORKERS HAVE AN OUTING AT CAMP TATE SUNDAY

Interesting Contests Feature Picnic of Brotherhood on the Southeastern

The Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees held its annual picnic Sunday at Camp Tate on the L. C. & S. R.

Making an early start, a crowd that taxed the capacity of the ball game was played shortly after arrival. The C. B. & Q. ball team, undefeated in all games played this season, nearly defeated at the hands of a picked team of C. M. & St. P. and C. & N. W. players. However, in the last half of the ninth they were able to make their second score, making it a 2 to 1 game.

The games and contests featured the afternoon's entertainment for which prizes were given to the winners. Great amusement was furnished at the "Car" stand where efforts were made to kill the nine lives of each cat, only to find that the cats were double-faced and had eighteen lives. Miss Carrie Kleinsmith was the winner of the popularity contest and was presented with a valuable prize.

The arrangements were in charge of "Bud" McGuire, car clerk at the C. B. & Q. north side yards, who was assisted by Ed Scanlon, car clerk at the C. & N. W., Arnold Stoen, car clerk at the C. M. & St. P., and Loyd Tanberg, car clerk at the C. B. & Q. south side yards, and together made out a switch list that worked without a collision.

The clerks coming in daily contact with all business men of the city during the daily grind of business, were handsomely remembered by the following firms who donated the prizes offered in the contests, as an expression of appreciation for the untiring assistance rendered in the untangling of their daily freight problems: Automobile Foundry, Badger Hide and Fur company, Rice Mill Works, Duran Fruit House, Bayou Furber company, Busy Bee Confectionery, Carroll Coal company, City Fuel company, Cooper Amusement company, La Crosse Drug company, Doerflinger company, Eberhart Coal company, Finkbe Candy company, Gibson Ice Cream company, Gantert Furniture company, Heileman Brewing company, Harbison Shoe company, Krause Clothing company, J. I. Lamb company, The Loeffler company, The Rubber Mills company, La Crosse Box company, La Crosse Boot and Shoe company, J. Miller company, John Mulder Grocery company, F. Mader company, Miller-Ross company, The Mitchell company, Moen's Photo company, Nelson Clothing company, North Side Printing Works, Nusted Coffee company, Nuthenson company, Oskaska Pickle and Canning company, A. and O. Sletten company, Nisson-Selestad-Houzen company, Spence-McCord company, Strandall Oil company, Szeleke-Kohlhaus company, Weiss Manufacturing company, White Breast Coal company, O. C. Walter Coal company, Paul Wagner, Verry Coal company, J. J. Hogan company, Interstate Oil company, Kraftwell Candy company, Riverside Bottling company, Regal Shoe company and Roosevelt company.

All too soon an unwilling farewell to Camp Tate was made necessary by the arrival of the train. It was a tired but happy crowd arriving in La Crosse at 7:30 p. m.

## NO EUROPEAN TRIP PLANNED BY CHIEF OF ATLANTIC FLEET

WASHINGTON.—Orders of Admiral H. P. Jones, commanding the Atlantic fleet, announced Tuesday, covering operations of the fleet from August 1 to January 3, made no mention of any European cruise such as has been rumored.

Battleship divisions five and six composed of the Pennsylvania, Flagship; North Dakota, Florida, Delaware, Arkansas, Wyoming, New York and Texas will operate on the southern drill grounds August 1 to 26, reaching New York August 27 to remain until September 5; then they will proceed to Newport for overhaul.

The ships will be on the southern grounds again September 12-30 and October 10-28, coming north between times.

The earth's atmosphere is 40 miles deep.

## HOOVER ASKS BROADER POWERS FOR FEDERAL FINANCE CORPORATION

WASHINGTON.—Legislation to broaden powers of the finance corporation enabling it to handle the triple financial problems of the railroads, farm credits and export financing was suggested Monday by Secretary Hoover to effect economic readjustment throughout the country.

It was believed in administration circles that President Harding in his role to congress tomorrow on the railroad financial situation would present a proposal of this nature.

Farm credits and export financial needs, Mr. Hoover said, are so closely linked with the railroad situation that investigation had convinced him that the use of a single agency to handle all angles of the problem would be the most expedient method of adjustment.

India covers one-third the area of the United States and has three times the population.

## OLIVER MINING CO. ANNOUNCES A WAGE CUT OF 10 PER CENT

Curtailement of Operations in Lake Superior District Also Announced

DULUTH, Minn.—Additional reduction of ten per cent in the wages of its 10,000 miners, and further curtailment of operations in the Lake Superior district was announced Sunday by the Oliver Mining company, a subsidiary of the United States Steel corporation. The wage cut becomes effective August 1.

The Oliver firm, which has extensive holdings on the Mesaba and Vermilion ranges in Minnesota and on the Gogebic range in Michigan, made

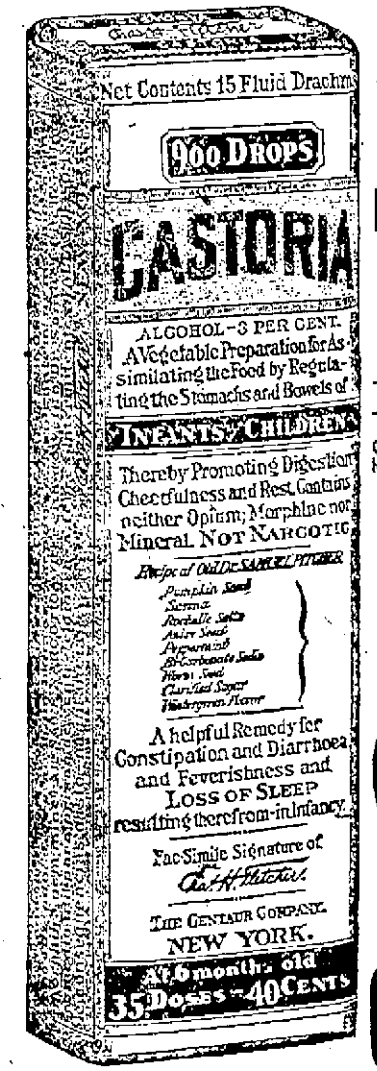

its first wage reduction since the war on May 16 when 20 per cent was sliced from the pay of its 11,000 miners. This force has been since reduced to 10,000, many of whom are only working on the part time basis.

Officials of the Oliver firm said the wage scale after the second cut on August 1 still will be well above the pre-war level.

Shipments of ore from the Lake Superior district this season will not aggregate more than twenty-five million tons, in the opinion of experts. This would compare with 60-410,000 tons shipped last year.

## ESCAPED PRISONER BACK IN MILWAUKEE TO GIVE HIMSELF UP

MILWAUKEE, Wis.—Washington P. Megary, alias Corbett, who escaped from the county hospital last Wednesday while a prisoner patient,

awaiting trial as an alleged auto thief, surrendered voluntarily to Sheriff Patrick McManus at the county jail Monday. Megary came from Chicago where he had remained since fleeing from the hospital.

Megary said he was assisted in his escape by a hospital orderly. He went to Chicago to see his sick mother. Her sickness was the only motive for escape, he claimed.

The Accommodating Coconut  
In the islands of the Southern sea the coconut palm supplies all the needs of the natives. They eat the young leaves, make clothes out of the fibre, build their houses and boats out of the wood and make a drink from the fruit. The flowers of the tree give wine, sugar and vinegar.

The census is taken every two years in Japan.

A 5-Year-Old WEIR is a Youth

A 10-Year-Old WEIR is In Its Prime

Many 30-Year-Olds are Still on the Job and Performing as Well as In the First Year

THOSE are facts that can all be proven by dozens of instances. The WEIR all-steel gas-and-soot-consuming furnace DOES stand up—and it does save coal every year of its life—and nothing but severe abuse will reduce that life to less than thirty years or more.

Any mechanical device, whether it be an automobile or a washing machine, can be so mistreated that it will not serve as long and faithfully as its maker intended. But that is not the fault of the machine or the maker.

WEIR furnaces, if given a chance, WILL LAST FOR THIRTY YEARS or MORE and SAVE COAL EVERY YEAR THEY ARE USED.

### FREISE & KNEBES

## HOUNDS AND PLANE AID IN SEARCH FOR EAU CLAIRE BANDIT

Clerk of Wisconsin-Minnesota  
Light & Power Company Rob-  
bed of Thousand Dollars

## HOLD-UP MAKES HIS ESCAPE ACROSS WISCONSIN RIVER

Chief of Police is Seriously  
Wounded When He Gives Chase

EAU CLAIRE, Wis.—Elmer Sundby, 48, chief of police, died here at 8:40 o'clock Tuesday morning, as the result of bullet wounds received Monday during a gun fight with a robber, who escaped with \$1,036 belonging to the Minnesota-Wisconsin Light and Power company. His wife and three children survive.

The bloodhounds were brought from Mauston and the airplane came from St. Paul at the request of Sheriff Garman and will fly over woods and fields in this vicinity, while observers endeavor to locate the robber.

Chief Sundby's condition is critical, although he spent a restful night at the hospital where it was stated it may be several days before the turning point is reached. He was shot through the abdomen and in the left thigh.

Evanson had just left the car barns with the money in two bags when the highwayman appeared and forced him and two guards into the barns. He then seized the money bags and fled.

Chief Sundby and Sheriff George Garman, with a number of citizens took up the trail, which led to the

## WHEN THE IRISH "PEACE SPECIAL" REACHED LONDON

This picture, rushed from London, graphically shows how enthusiastic was the welcome given De Valera and his Irish sympathizers when the Irish "Peace Special" arrived, bringing De Valera for the conference with Lloyd George. This photograph was snapped in Euston Station, London, just as the Irish train came to a stop. The entire station was one dense mass of cheering humanity.

woods along the Wisconsin river. As they entered the woods Sundby came upon the robber, who opened fire, one bullet hitting the police chief in the stomach and another in the leg.

Being as he ran, the robber dashed for the river and plunged into the stream amid a shower of bullets from the posse. Apparently he was not hit.

Captain Ira Hovel, commanding the local troop of state cavalry, immediately requested his men to aid in the hunt.

U. S. Cotton Acreage  
The United States devotes about 30,000,000 acres to cotton cultivation.

## WALTER FELKER IS HELD FOR TRIAL ON CHARGE OF DESERTION

Walter Felker was held for trial in circuit court on a charge of desertion Monday afternoon by Acting County Judge Hunt. Felker's bond was set at \$500. Mrs. Ida Felker testified that in the last year and a half her husband had sent her \$19 for the support of herself and child. Felker said he thought he had sent about \$50 in that length of time. Felker has had many jobs in the past nine years of married life, his wife testified but

did not hold any of them very long. Felker claimed that his poor health would not permit him to work steadily.

Fine for Landlords  
The New York assembly has passed a bill placing a fine on landlords who refuse to admit tenants with children.

## WINONA ARRANGES FOR SPARTA MILK TO BREAK COMBINE

Condensery Offers to Furnish  
City With Carload of  
Milk Per Day

Winona may be supplied with milk by C. A. Gould of Sparta, Wis., manager of the Interstate Milk Products company's condensery, as a result of the failure of milk producers and the retailers to agree on a ten cent milk plan at a meeting Saturday evening. The Hardwick Milk Depot it was stated would renew correspondence with Mr. Gould, with the idea of purchasing milk from him, providing the council would consent to milk being shipped into Winona to distribute to local consumers. Mr. Gould is supplying St. Paul and Minneapolis with two cars of milk daily.

At Saturday evening's meeting the producers turned down the retailers plan for ten cent milk, and submitted another plan which in turn was turned down by the retailers. A compromise plan was attempted but failed to materialize, producers say. The meeting broke up without definite action being taken.

The producers in their proposal, agreed to sell the retailer milk for \$2.88 a hundred, providing they would sell it for ten cents a quart. This would make a cut of 72 cents a hundred for the producers and 23 cents a hundred for the retailer. Because of the retailer's already small margin of profit which would be re-

duced this plan was immediately rejected. A compromise plan was offered in which the retailers agreed to pay the producers \$2.60 a hundred and sell for ten cents per quart, the producers to get the benefit on any boost in the price of milk that might be made over ten cents. This plan was turned down by the producers.

Under this plan the dealers would handle milk for a cent and a half less than in St. Paul.

Bootlegging!

An Indianapolis resident went up to the sidewalk newsstand to buy his regular weekly magazine. "Police stopped us selling anything but newspapers," Drug stores and hotel newsstands made a kick against us," the attendant told him. "You mean no one is selling magazines from the street newsstands?" asked the would-be purchaser. "Nobody except the stand on the next corner. He's bootlegging!" "em."

## ALLIED COUNCIL TO DISCUSS SILESIAN QUESTION IN PARIS

Meeting is Called for August Fourth Says Announcement from London

LONDON.—The allied supreme council will meet in Paris August 4, according to an official announcement Wednesday morning. It is understood that the session will be brief, dealing only with the Silesian question.

Marquis Curzon, secretary of state for foreign affairs and A. J. Balfour, lord president of the council, will represent Great Britain as it is improbable Premier Lloyd George will be able to leave London.

The British experts who will examine the Silesian question before the council meeting already have left for Paris. It is understood that Ambassador Harvey will attend the session in an advisory and unofficial capacity. The call for this meeting of the supreme council compromises to a degree, differences between Great Britain and France over the procedure to be adopted in connection with Upper Silesia, where the situation owing to continued German and Polish rivalries in the disputed area is said to be increasingly threatening.

## FRANK KLEINERTZ PLEADS NOT GUILTY TO SPEEDING CHARGE

Frank Kleinertz, arraigned before Judge C. W. Hunt in police court Monday afternoon, pleaded not guilty to a charge of driving an automobile in excess of the speed limit, according to a report Tuesday.

The case was adjourned until Thursday afternoon, July 28, at 4 o'clock.

D. C. Raymond, Paul Hottinger and M. Schutte, each received a fine of \$10 and costs in police court Monday afternoon on a charge of speeding.

## HARD HAIL STORM HITS FERRYVILLE

A severe hail storm which damaged tobacco and other crops, occurred in the vicinity of Ferryville Sunday night, according to reports received here.

## DIVINE RIGHT DOESN'T HOLD RULES COURT

(Continued from page one)

governor and that because it so provides there can be no other punishment; that specifying this procedure precludes all others.

**Governor Not Exempted**  
The constitution has exempted senators and representatives from arrest during a session. It exempts members of the militia from arrest at certain times except for certain offenses named. No similar provision is made for the governor. Apply the rule. The converse is a governor shall not be exempt.

The constitution provides for impeachment; but that is for misfeasance or malfeasance in office and for removal from office. The constitution further provides:

"The party whether convicted or acquitted shall, nevertheless be liable to prosecution, trial, judgment, and punishment according to law."

The above quotation is a direct declaration that he may be prosecuted whether in or out of office. The vice of the contention is in assuming that impeachment is a punishment for crime.

It is not a criminal proceeding, but only a procedure to remove from office for misconduct while in office. Impeachment has no relation to an offense committed entirely outside the office and is not to cause or prevent prosecution.

### Can't Call Troops

The court is also advised that it should not require or permit the sheriff to undertake an impossible thing or engage in a futile undertaking. It is suggested that the governor is commander in chief of the military and naval forces of the state and that in case of an attempt by the sheriff to make an arrest the governor could call out the militia to resist the sheriff in the execution of the law by service of the process of capias as directed by the law. This does not oppress the court as of very great force. The accused is surrounded with all the presumptions of innocence and this court must assume he is innocent and is a law-abiding citizen and will obey the laws of the state.

The constitution provides: "The governor may call on the militia to execute the laws, suppress insurrection and repel invasion."

It denies him the right to call the militia to oppose the execution of the laws, or for his personal protection or pleasure.

The law declares: "Whenever the military forces shall be ordered out by the governor on any application of a civil officer as aforesaid, or otherwise, they shall report to such civil officer as the governor shall designate and shall act in strict subordination to such civil authority, in preserving the peace quelling riots or executing the law."

Thus it will be seen that the only purpose for which the military can be called out is to aid the civil authorities and to execute the law, never to violate the law or to resist any official in the performance of his duties and it is not presumable that the governor would think of calling the militia to obstruct the law or that the militia would obey any call made or orders given for the purpose of resisting the execution of the law.

## DOCTOR TAKES OWN MEDICINE

## ENJOYABLE RECITAL BY KARL SHEURER IS NORMAL EVENT

Splendid Program Given by Well Known Violinist at State School Here

Clean technique, impeccable taste and consistently artistic interpretation marked the work of Mr. Karl Sheurer in recital at the Normal School Monday morning. Opening with Gypsy Airs of Sarasate which was presumably the piece de resistance of the program he played a thoroughly enjoyable group of popular yet unbacked violin compositions. Two of the loveliest of these were the Mendelssohn "On the Wings of Song," and the graceful Brahms-Hochstein "Waltz."

There is perhaps nothing so entirely satisfying as a good violin recital and Mr. Sheurer satisfied his audience. It is of some interest to know that his violin is said to be a Stradivarius for which he has been offered a very considerable sum by violin experts.

Several requests have been made for Mr. Sheurer's complete program. It was given as follows:

Gypsy Airs ..... Sarasate  
Mazurka ..... Czerwinski  
On the Wings of Song ..... Mendelssohn  
Serenade ..... Drigo  
Tambourine Chorus ..... Kreisler  
Valse ..... Kreisler  
Ballet Music ..... Kreisler  
Serenade Espagnole ..... Kreisler  
Waltz, A Major ..... Brahms-Hochstein  
Nedre Karl ..... Hubay

## HOFWEBER CHOSEN HEAD OF LOCAL AUTO DEALERS

The La Crosse Auto Dealers association, held its annual meeting Monday evening at John Stephens Inn, and after enjoying a most delicious chicken dinner, elected the following officers for the coming year: John L. Hofweber, president; Frank X. Dietz, vice president; Tom Bergh, treasurer; Matt Cameron, secretary; Jack G. Wehman, director.

## Obituary

### CAPT. W. H. HARRIES

Captain W. H. Harries, aged 78, former resident of La Crosse and Caledonia and former Minnesota congressman, died in Minneapolis Saturday, according to word received by friends here today.

Mr. Harries lived in La Crosse from 1860 to 1861, when he enlisted and served through the civil war. After the war he located in Caledonia, where he practiced law for many years. He was a former member of Wilson College, G. A. R., of this city.

The funeral will be held Thursday in Minneapolis and the body will be interred in the cemetery at Caledonia Friday.

### FRANK RUDNICK

Frank Rudnick, New Albin, Iowa, died at a local hospital Monday afternoon at the age of 48 years.

Mr. Rudnick was born in Germany and came to America when he was 15 years of age. He is survived by three sisters and one brother, Mrs. Fred Albrecht, and Mrs. Nick Strasser of La Crosse, Mrs. Anton Wargen of Minneapolis, and Julius Rudnick of La Crosse.

The funeral will be held Wednesday afternoon from the home of A. Rudnick, New Albin, and burial will be in the New Albin cemetery.

## FREE SINN FEINERS TO PERMIT PARLEY OVER PEACE TERMS

Members of Dail Eireann Now in Jail to be Released Says Belfast Writer

BELFAST.—By The Associated Press.—The Belfast Telegraph's Dublin correspondent says Tuesday he understands virtually all the members of the Dail Eireann, or Irish republican parliament, who are in jail, will be released at an early date. This action will be taken to give them an opportunity to meet and discuss the British government's proposals for a settlement of the Irish question, he adds.

LONDON.—By The Associated Press.—Austen Chamberlain, the government leader said in the house of commons Tuesday he hoped parliament would be re-opened August 26, but he foreshadowed the possibility of its being summoned again in November or December to pass legislation necessary to give effect to an Irish settlement.

## WANDERER OBJECTS TO FRIDAY HANGING HIS "UNLUCKY DAY"

CHICAGO, Ill.—Carl Wanderer, sentenced to be hanged next Friday morning for the killing of his wife, her unborn babe and a "ragged stranger," objects to having the affair take place on Friday, according to officials at the county jail.

He tells his guards that he wishes the day of execution were Saturday. "Or even Thursday," he added. "I'd feel better."

According to the authorities it was on Friday that Wanderer planned his crime. It was on Friday the police saw through the hoax of the ragged stranger with whom Wanderer staged a fake holdup of his wife and himself in the vestibule of their home, and it was on the next Friday that he was arrested.

At the close of the second trial the jury, on Friday sentenced him to die and his subsequent appeals were lost on Fridays.

Wanderer, who, according to his guards, believes in Friday's tradition, at bad luck, is spending his last days reading two books, the Bible, a love tale and Longfellow's "Evangeline."

### WOMAN ATTORNEY TO LEAVE U. S. SERVICE

WASHINGTON.—Mrs. Annette Abbott Adams, the first woman to be an assistant attorney general, will sever her connection with the government and return to private practice in San Francisco August 1. It was said Tuesday. During her government service Mrs. Adams wrote a number of important liquor regulations, including the in-transit liquor ruling which holds that no ships may enter the three mile limit with liquor aboard. Attorney General Dougherty will appoint a woman to succeed Mrs. Adams.

### MANDAN HAS CLOUDBURST

MANDAN, S. D.—A cloudburst here Monday night caused damage estimated at \$150,000 and badly damaged railroad traffic. Many business houses and residences were flooded. Heavy rain was reported from all over this section and in Bismarck, the state capital, 18 inches of water were reported in the streets. Sand and debris were piled over the northern Pacific tracks west of here, a waterspout, it is believed, having torn a sand hill to pieces and scattered it over the tracks.

### PLANE MISSES CROWD AND FALLS INTO WOODS

IRONWOOD, Mich.—After narrowly missing an airplane larger and a crowd that had sought shelter in it from the windstorm, the American Legion airplane crashed into the woods at the end of the landing field. The pilot and a passenger escaped the extent of one thousand dollars.

### KING'S MOTHER

Queen Alexandra, mother of King George, is interested in the welfare of founding children. Here she is at a founding hospital holding a babe named Peggy Alexandra.

## HIKER ON HIS WAY FROM MONTANA TO ILLINOIS IS HERE

Cannot Beg Meal or Lodging and Finds Picking Hard Some Days

George Redfeard, who is walking from Baker, Mont., to Springfield, Ill., in an effort to win a prize of \$1,000, arrived here today. To win his prize, Redfeard must be in Springfield in fourteen days. He says he is averaging between 20 and 35 miles per day, and figures he will win out easily.

He cannot beg a meal or lodging on his trip and such substance as he gets must be given him without solicitation. He sleeps in the open or in barns or sheds, and is given one or two meals a day along the way, he said, when he is in luck.

India's Oil Seeds  
India produces more than 5,000,000 tons of oil seeds, valued at \$200,000,000.

## HARDINGS PLANNING VACATION TRIP TO WHITE MOUNTAINS

Will be Guests of Secretary Weeks at Summer Home in New Hampshire

WASHINGTON.—A vacation of several days in the White mountains of New Hampshire is planned by President and Mrs. Harding to follow their attendance next Monday at the Pilgrim Tercentenary celebration at Plymouth, Mass.

During their outing they are to be the guests of Secretary Weeks of the war department at his country place near Lancaster, N. H. Under present plans they will go directly there from Plymouth, arriving next Tuesday, and probably remaining until the following Saturday or Sunday. During the stay the president expects to accept no invitations but to devote his whole time to rest and recreation.

It is hoped to make the trip to New England and back on the presidential yacht, Mayflower, in order to give to the president and Mrs. Harding almost two weeks away from the cares of the white house. Tentative plans have been made to leave here on the yacht late next Friday reaching Plymouth on Monday morning.

### MAURETANIA DAMAGED BY FIRE AT SOUTHAMPTON

SOUTHAMPTON, Eng.—Fire which broke out Monday on the steamer Mauretania while she was lying at her dock here, was extinguished at 4 o'clock Tuesday morning. Decks C, D and E were completely destroyed amidship.

## BUILDING INDUSTRY MOST HAZARDOUS IN STATE SAYS WITTE

Industrial Board Secretary Declares Contractors are Violating Safety Laws

MADISON, Wis.—Building contractors of Wisconsin are seriously violating general orders of the industrial commission relating to safety in building construction, E. E. Witte, secretary of the commission, says Tuesday in a statement. Following a general survey during the past week the commission intends to call the worst violators to show cause why they should not be prosecuted.

For the number of men employed, the building industry ranks among the most hazardous in Wisconsin, according to the state industrial commission. It reports that during the past year, with but a small amount of construction work, more than ten per cent of all compensable accidents were in that industry, where 1,714 out of a total 16,246 injuries occurred.

Thirty out of a total of 170 deaths due to industrial accidents were caused in building during 1920, with two cases of total permanent disability and 150 cases of partial permanent disability. Total days lost as a result of accidents in the industry were 373,071 and the total indemnity paid injured workmen \$271,991, and total medical aid \$86,453, the commission reports.

An analysis of the causes of these accidents is made to show that falling is most common, accounting for 414 of the 714 accidents reported in the building industry and 13 out of the 30 deaths. A large percentage of the falls from scaffolds and ladders resulted from poor construction and failure to use proper precautions.

It is reported that 53 compensable accidents including one death, were due to stepping on nails; 73, including two deaths, to creases; 183 with four deaths to falls of objects; 126 to hand tools; 512 to handling objects while 160 were machine accidents.

Due to the number of accidents the commission plans to revise its safety code in building construction and to intensify its activity in the field with a view to bringing about definite improvement.

## MISSOURIAN SELLS SANITARIUM BONDS TO INSURANCE MEN

NEW YORK.—Wall street is telling a story of shrewd salesmanship by Frank Robertson, attorney general of Mississippi disposing of \$1,000,000 worth of state bonds. The issue which was for a tuberculosis sanitarium was offered par with 5 1/2 per cent interest. Bankers were not interested because they felt the terms were too low under present conditions.

Mr. Robertson went to life insurance companies and argued that it would be good business for them to invest as the bonds help prolong the lives of policyholders. The appeal was effective.

## LEGION MEN STOP SOCIALIST SPEECH

DES MOINES, Ia.—Mrs. Ida Gough Hazlett, national socialist orator, was grabbed and hauled away in an automobile here Monday night as she was about to begin a speech from the steps of the city library, by men who Chief of Police Saunders declares were members and officers of the local post of the American Legion. She was taken to police headquarters where efforts were made by her captors to have her detained.

The police, however, refused to place her under arrest and she was released. Mrs. Hazlett accused her captors of attempting to kidnap her and made an unsuccessful attempt to have them arrested.

## CONFESSES TO BANK THEFT

MILWAUKEE, Wis.—Willis Lesperance, of Oconto, Monday was arrested in Green Bay and confessed that he and his brother, Lawrence, 24 and "Frenchy" Yagen were the three men who held up and robbed the Wabeno, State bank at Wabeno, Wis., last week and escaped with nearly \$32,000 in cash and securities, according to reports received from Green Bay this morning by George D. Bartlett, secretary of the Wisconsin Bankers' association.

Lawrence Lesperance, it is said, has not yet been found.

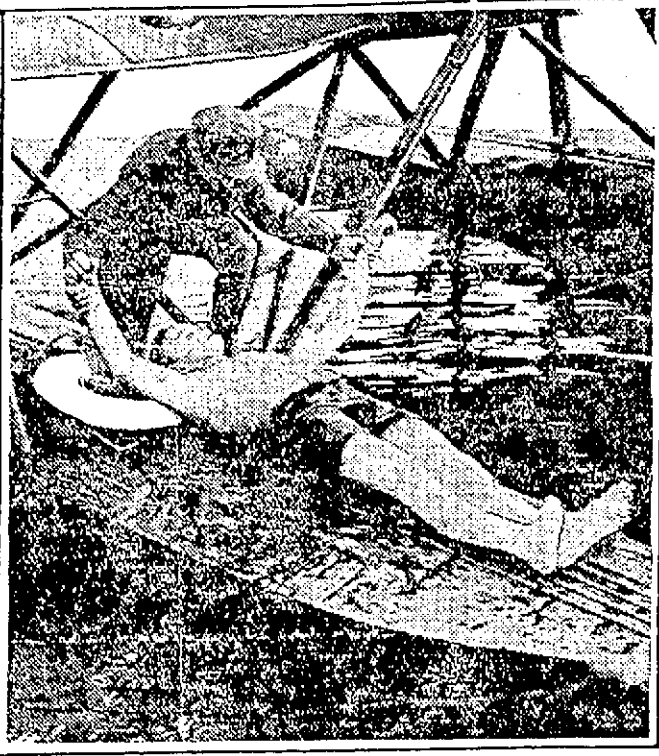

## "Too Much Speed" in Tahiti

The residents of the island of Tahiti have taken to the automobile with avidity and every native who can manipulate his financial resources in any way to secure the necessary funds, is the possessor of a car. Cars of ancient vintage find their way to this island and some of the specimens are ludicrous. The people are all proud motorists and dart about the country to the call of the motor. The government is now considering some legislation with a view to keeping down the speed.

DELICIOUS AND REFRESHING  
THEY all go to the corner drug store, where Coca-Cola is the perfect answer to thirst.  
THE COCA-COLA CO., Atlanta, Ga.

## SEAPLANES SAVE BATHERS

Seaplanes are used by life savers on German and North Sea beaches. The planes speed to the scene when bathers become distressed and apply first aid treatment on the pontoons of the plane.

## "SLINKER SLOUCH" CAUSE OF MUCH STOMACH TROUBLE

Speaker at Osteopaths' Convention Declares Prevention is the Best Cure

CLEVELAND, O.—The best treatment for ulcers of the stomach, which usually result in cancers, is prevention, Dr. S. V. Robuck of Chicago declared Tuesday before the 25th annual convention of the American osteopathic association. Ulcers of the stomach are caused by "Slinker slouch" posture, he said. "When assuming the posture of the 'slinker slouch' his normal curve and the individual becomes round shouldered, the chest flat and narrow, and the lower abdomen pouchy and bulging."

"Cancers are usually the after result of ulcers. Ulcers are due to disturbed nourishment of the stomach. When the wall of the lower abdomen becomes sagging the stomach and intestines naturally must drop in proportion and this results in an undue strain on the ligament supporting the first part of the intestines."

"The correct posture should be assumed carrying the head and shoulders erect and the chest well elevated."

Dr. Nettie M. Hurd of Chicago told the delegates that participants in murders, robberies and other crimes often are unable to resist crime be-

cause they have varicose veins in the last portion of the large intestine. Dyspepsia and heavy feet she said are symptoms of these varicosities. Nearly two thousand delegates are attending the convention which closes Friday.

## PAID \$13 FOR PINCH OF SNUFF

SUPERIOR, Wis.—Harry Sampson, 55, farmer, living near Duluth, paid \$13 for a pinch of snuff here Monday. Sampson and Martin Silberg, 41, superior, were in adjoining cells at the city jail. Silberg had a ten cent box of snuff and no money. Sampson had \$100 in police keeping but no snuff. Sampson agreed to pay Silberg's fine if he would pass the snuff. Sampson handed over \$26 for two fives of \$10 and costs each when the pair were arraigned, and told the police he was satisfied with the bargain.

## An Anti-Accident Bonus

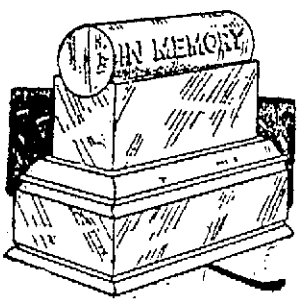

In addition to their wages the drivers of some of the London omnibuses are given a bonus for avoiding accidents. The bonuses last year totaled at more than \$100,000.

**AT THE RIVOLI**  
Probably nobody who went to the Rivoli theater last evening to witness the opening of Reelart's big Birthday Special expected anything but a treat. That was a foregone conclusion, with a Hector Turnbull story, a cast including May McAvoy, Bruce Gordon, Kathryn Williams, Ralph Lewis and Lloyd Whitlock, and Chester M. Franklin as director. But the treat turned out to be a veritable sensation, and winsome little May McAvoy has won new laurels.

This exquisite little lady has been one of the greatest film finds in years. Her flawless acting in "Sentimental Tommy" is now a by-word among those who follow the silent drama, and the most conservative can predict only the dizziest heights for her.

The entire cast is admirably chosen, and the fine work of Kathryn Williams, as the erring wife, was quite up to her usual standard of sophisticated perfection. But even with this able and well loved actress in the scene, it is only fair to say that the chief interest centers about the appealing personality of lovely little May McAvoy.

"A Private Scandal" plays the Rivoli today and Wednesday.

**JUBILEE GIRLS IN "TWO OF A KIND" AT THE RIVIERA**  
The Jubilee Girls present their latest musical comedy offering, "Two of a Kind" at the Riviera today. On Wednesday and Thursday there will be a complete change of program, both musical show and pictures. In the current Jubilee Girls attraction Levy and Cohn (Golden and Dooley) pose as wise men and honest gentlemen. But, they really are a pair of schemers and instead of getting away with their gentleman roles they turn out to be frauds. Comal Hipp as Easy goes them one better as a crooked

As a result of the visit of the Fox production at a special showing in London.

**SEND SEARCHING PARTY AFTER MISSING CAMPERS**  
BANFF, Alberta.—An organized searching party under the direction of Prof. Fox known as the "Father of the Rocky Mountain Alpinists," is securing the country about Mount Raman in an effort to locate Dr. W. E. Stone, president of Purdue university at Lafayette, Ind., and Mrs. Stone who have been missing since Sunday, July 17.

On that date they set out from a camp at Mount Assiniboine to inspect the surrounding country. They had food enough to last four days. The only trace of them was the remains of a fire and toilet articles belonging to Dr. and Mrs. Stone, found at the base of Mount Raman. Both Dr. and Mrs. Stone are expert mountain climbers.

**HOLD DRIVER OF CAR IN WHICH GIRL WAS KILLED**  
MILWAUKEE, Wis.—Charles E. Garin, driver of the death automobile in which Margaret Boon, 17-year-old dancer and musician, was killed Saturday night, was Monday charged with manslaughter. He was liberated under bonds of \$5,000 after he had pleaded not guilty in district court.

**"I I WERE KING"—COOPER THEATERS**  
William Fox, William Farnum J. Gordon Edwards, E. Lloyd Sheldon and Justin Huntly McCarthy all scored heavily with motion picture followers at the Riviera Theater yesterday, when the special picture version of "I I Were King" was shown for the first time. This picture will be shown at the Strand Wednesday and Thursday and the Casino on Friday and Saturday.

William Fox is giving the public many notable productions, but we have yet to see a more entertaining and gripping picture than "I I Were King," which Justin Huntly McCarthy originally wrote for E. H. Sothern as a stage play and about the same time published the story in book form. The play, as most will remember, was a huge success and more than a million copies of the book have been sold. Mr. Fox's screen production was admirably directed by J. Gordon Edwards from the scenario by Lloyd Sheldon. The settings are beautiful and the acting throughout fine. # REPORT DECREASE IN POPULATION AT WISCONSIN PRISON

Decreased Attendance at all Penal and Charitable Institutions Reported

NUMBER OF INSANE PATIENTS IN STATE INCREASED BY 180

Also Report Increase of Patients at T. B. Hospitals

MADISON, Wis.—Decrease in the average attendance at all fourteen Wisconsin penal and charitable institutions is shown by the biennial report of the state board of control just published. The number cared for daily fell from 5,023 during the previous biennium to 4,977, a total reduction of 46.

The most marked decrease was shown at the state prison where the number of inmates fell from 882 to 783, a decrease of 120 in population. Hospitals for the insane changed but little in the number of occupants while the training schools for juveniles and delinquents, the state public school for dependent and neglected children and the Central State hospital have been overcrowded.

The industrial school for boys with a normal capacity of 420 beds, has housed an average daily population of 446, according to the report. Similarly the industrial school for girls with a capacity of 250 has housed an average of 240, the state public school with a normal capacity of 244 has housed 240, and the central hospital with a capacity for 98 has housed 104.

Expenses Mount  
Cost of operating the institutions rose from \$1,614,537 for the previous biennium to \$1,845,124 during the last biennium.

"The last two years period has been one of extraordinarily high prices, and in many instances the period has been marked by the highest cost of commodities in the history of the institutions," the report declares.

The board has endeavored to keep the operation and the maintenance expenses at the institutions as low as possible consistent with good management and proper care of the inmates, but notwithstanding our efforts to economize, the expense for operation and maintenance has increased considerably and the appropriations were not sufficient.

The increase in cost of provisions in 1920 over 1919 amounted to \$68,379.93, or approximately 18 1/2 percent, the board of control says.

This increase occurred in spite of the fact that during the past two years the farm acreage at some of the institutions has been increased and that there has been more food produced on the farms than ever before.

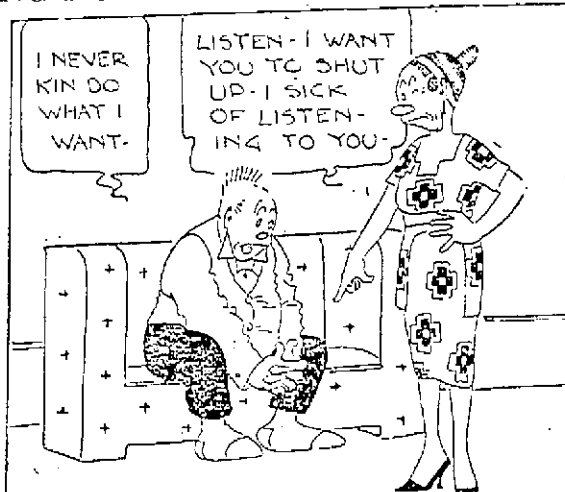

## Insanity Increasing

A large increase in the population of the county insane hospitals is noted by the monthly report of the state board of control issued on Tuesday. During the past year there has been an increase of 173 patients in county institutions alone and an increase of seven in state hospital for insane. At the present time there are 1,340 insane patients in state institutions and 6,953 in county institutions. There has also been an increase of feeble-minded during the past year. The report just issued shows an increase of 51 and the present population of feeble-minded in institutions is 1,164.

The number of patients in county tuberculosis institutions has also increased. During the past year the population of patients in county institutions increased 110, while the population in state institutions also increased two. There are 12,543 people under public care as compared with 12,009 one year ago. This is an increase of 506. In every one of the state institutions there is a noticeable increase in population. During the past year the population in state institutions increased 217 and population of county institutions increased 250.

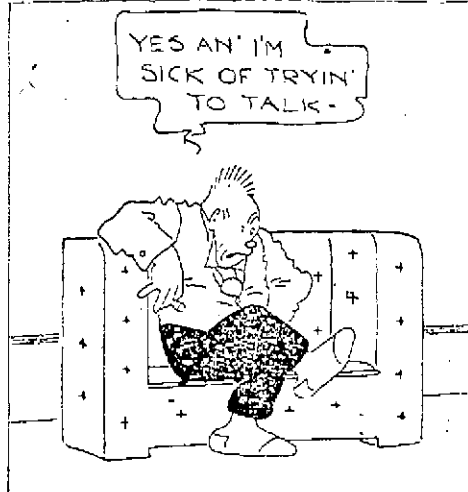

Some of the biggest fish are still in the sea; but others are spending their vacations elsewhere.

# MONDAY, AUGUST 8, WISCONSIN DAY AT CHICAGO PAGEANT

Blaine Proclamation Urges Badgers to Take Part in Day's Ceremonies

MADISON, Wis.—Gov. Blaine on Tuesday issued the following proclamation: "The City of Chicago is holding a great social, educational and industrial exposition, known as The Pageant of Progress, from July 30 to August 14, 1921.

"The histories of Wisconsin and her sister state of Illinois have been so closely woven in song and story that it is but fitting that we of Wisconsin should join with her in commemorating the achievements of the past century—the inventions and discoveries of her sons and daughters, and the vast strides made by them in the fields of industry, education, and science.

"Mayor Thompson, as president of the exposition, has set apart August 5, 1921 as Wisconsin day, and extends a most cordial welcome to the citizens of our state to attend The Pageant of Progress and participate in the events of that day.

"Therefore, I, John J. Blaine, Governor of the State of Wisconsin, do hereby urge as many of our people as possible to visit Chicago and be present on Monday, August 8th, 1921, to assist in carrying out the program and aid in the success of the proper celebration of Wisconsin day."

## LA FOLLETTE DEMANDS SHIPPING BOARD QUIZ

WASHINGTON—Investigation to determine if shipping board policies have been "molded by British influences" and are hostile to organized labor was urged in the senate Monday by Senator La Follette, republican, Wisconsin.

The new board he said apparently had continued the labor policy of the old board and a congressional inquiry was needed to protect the American merchant marine.

Pigs Sense Storms  
By instinct pigs understand when a storm is approaching, and pile brush and weeds up for beds before bad weather strikes.

## GIRLS! LEMONS BLEACH THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delicious lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring back soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

# IN THE MORNING PAPERS

A Summary of the News

WASHINGTON—Secretary Denby said he would be unable to make his proposed western trip for some time owing to budget problems and other departmental affairs.

LONDON—Negotiations are in progress between the governments of Great Britain and the United States for a settlement of the difficulties incident to the first application of the American immigration law. It was announced in the house of commons.

WASHINGTON—Postponement of allied debt refunding until after the proposed disarmament conference was advocated in the senate by Senator Borah.

WASHINGTON—Alarmed at reports of a threatened semi-famine, coupled with an epidemic of pellagra, in a large section of the southern cotton belt, President Harding requested the public health service and the Red Cross to investigate and report on what the federal government could do to relieve the situation.

SOUTHAMPTON—Fire broke out in the first cabin of the Mauretania of the Cunard line and destroyed three lower decks.

BERLIN—Germany lost 1,792,365 men killed and 4,246,874 wounded from 1914 to 1918, according to a revised compilation of casualties during the war.

DUBLIN—The Irish Bulletin, official organ of the Dail Eireann, expresses resentment at hints that Ireland accept reasonable terms in the Irish negotiations will result in a persons sacred.

# GOVERNOR BLAINE LEAVES TODAY FOR THREE-WEEK OUTING

Will Review Troops at Camp Douglas and then Go Into the North Woods

MADISON, Wis.—Governor John J. Blaine left Madison Tuesday morning in an automobile on his way to Camp Douglas where he will review the soldiers on Thursday. The governor's trip is the beginning of a three weeks' outing. From Madison the governor went to Deer's Lake and expects to spend Tuesday morning in the Dells of the Wisconsin river. From there he will motor on to Camp Douglas to arrive there before noon on Wednesday. The gov-

ernor will review the troops on parade on Thursday and will immediately leave for northern Wisconsin. The trip from Camp Douglas to Minocqua will be made by automobile but after he reaches Minocqua he expects to plunge into the woods without address. He intends to stay in the woods at least two weeks away from politicians and office-seekers. Governor Blaine has completely recovered from his recent operation and said he was feeling in good health when he left here Tuesday.

Yankee Invents Jap Buggy  
The Japanese rickshaw is said to have been invented by a Yankee missionary.
